PLEASE COMPLETE AND RETURN TO PAMS

To the Parents of _____

We are SO close…..but we truly need your help and support. Our goal is to be the first ever middle school to reach 100% PTA membership and we need you☺ Joining does not mean that you have to commit your time in any way. It just allows us to be able to give the school what it needs in terms of educational support.

Your membership dollars, if we obtain these last 450 memberships, will deposit an additional $700 into our bank account that will in turn be used to help renovate two science labs and bring quality programming to our student population.

Please help us out. We cannot do this without you!
